

2023 Spring Production Selection Process

The Goal:

Select 3 Show titles that Lyric would present to the membership to solicit production proposals for.

Some Criteria for shows selected

- Would be a potential blockbuster
- Was high on list of shows selected by members from a survey
- Was high based on the evaluation of the members of the Production Selection Committee (PSC)
- Is expected to be available based on best information collected by the ED.
- Research collected by PSC on feasibility/past financial information, etc.

The Process Used:

1. The PSC developed a list of 107 potential show titles that was cross referenced to the over 75 productions Lyric has done.
2. The PSC selected 26 show titles that were used to create a member survey. The results as of 9/7/2021 were then added to a Google Sheet tool that was developed to do the evaluation. The raw survey results are here:

- f. Both the Membership Survey results and the PSC member rankings were sorted from high to low.
- g. The PSC then met and this information was used to create a list of 7 shows. This list was given to Erin to gather the best information about availability given that Spring of 2023 is very far out.
- h. The top 3 will be picked to submit to the community for Production Proposals.
